BEST DEVELOPMENT FINALIST
2006

Congregation Beth Or

- A 60,000 S.F. Class A religious and educational build-to-suit

Congregation Beth Or Synagogue

RE/Group was selected as the development director for the creation of a new 60,000 SF “Class A” religious & educational facility.

“We selected RE/Group from a field of seven competitors, due to the firms’ diversified, senior level experience in all aspects of the development process for a variety of project types. Their proven understanding of the value creation process combined with a unique team building ability allowed our Executive Committee to stay focused on our core business. RE/Group expertly produced a “Class A” asset which is now the new cornerstone of our community, to be enjoyed by generations to come. They were truly our advocate” *Steve Stone, President, Congregation Beth Or*
